KUKS INTERNATIONAL GALA FESTIVAL OF NATIONAL FARE

PREFACE

Next to language, food is the most important cultural mediator. All over the world where people meet, refreshments which is typical of the nation is generally served – and each nation's food traditions and eating customs give a fascinating insight into the country's cultural heritage.

Therefore, the Committee has once again decided to implement the idea of KUKS INTERNATIONAL GALA FESTIVAL OF NATIONAL FARE under the motto: National Fare as a cultural link amongst Nations.

His Royal Highness THE PRINCE CONSORT is the Patron of the Festival and has graciously given his encouragement to both the Committee and the Exhibitors.

In perfect cooperation with the Copenhagen City Council, the result is an exciting and inspiring event in the beautiful City Hall. The happy and successful teamwork which exists amongst the various Foreign Societies and not least, with the Embassies of those countries represented in Denmark, has again proved to be the ideal and vigorous instrument in implementing cultural initiative of such international caliber.

For this splendid cooperation, the Committee wishes to express its profound gratitude. But most of all, we wish to thank the Ambassadors of the diplomatic missions and their staff participating in the festival arrangement, for their enthusiastic, generous and inspiring assistance, thereby ensuring the success of this unique cultural event.

This occasion is an excellent opportunity to celebrate the 72nd Anniversary of the United Nations, as well as KUKS' 47 years of cultural activities

To The Tuborg Foundation, Danske Bank and Peter Justesen Co A/S and other sponsors, special thanks for the interest and financial support for K.U.K.S.' activities. Warm thanks, also to everyone who, in some way or another, has contributed towards the realization of this arrangement. Common efforts to strengthen the cultural link between nations are of great importance – now, more than ever.

The Committee sincerely hopes that also this year's cultural initiative, will contribute towards promoting international understanding, friendship and respect and to further peaceful co-existence amongst nations.
